

## Audio System

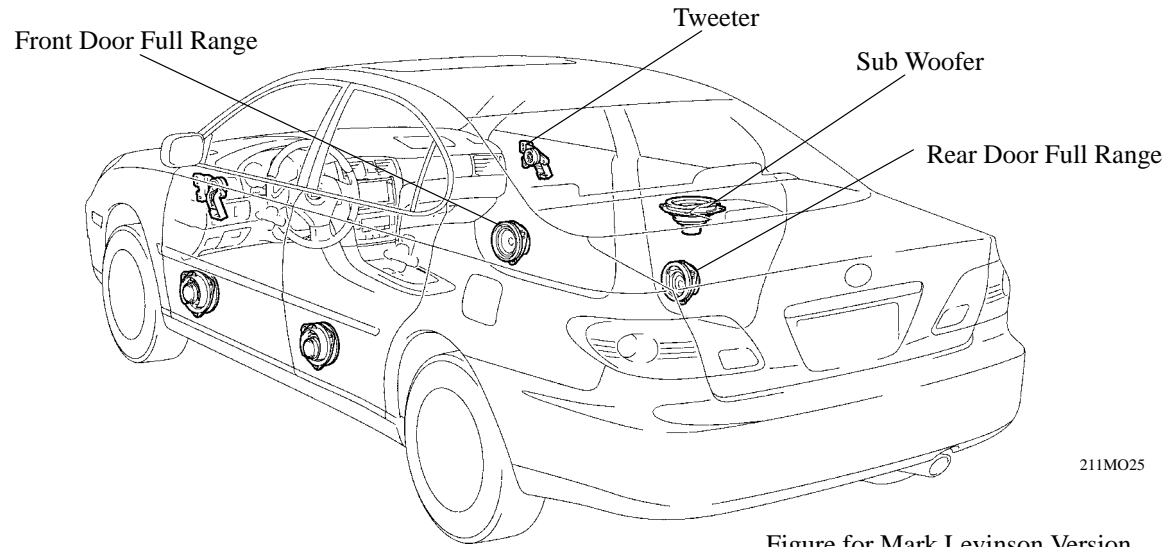

### ***Realistic, refined sound that transports you into your own personal space.***

- A clean, symmetrical head unit layout has been achieved through the adoption of large, easy-to-use switches.
- The LEXUS Premium Sound System with a power amplifier (max. 440W) and speakers from Mark Levinson, famous for products in the high end of the home audio market, is available as an option.

### <Head Unit Specification>

Design	Specification	Application
 <p>211MO69</p>	<ul style="list-style-type: none"> <li>• AM/FM tuner</li> <li>• Cassette player</li> <li>• CD Player with CD Text function</li> <li>• RDS (Radio Date System) with RT (Radio Text) function</li> <li>• Separate Power Amplifier and 7-speaker System (Mark Levinson version available)</li> </ul>	Option
